ANNUAL SERVICING FOR SCHOOLS

It is that time of year again, where we need to start arranging the servicing of the school alarm systems. We are planning on trying to do as much as possible during the Christmas Holidays. The services will be arranged on a first come, first served basis.

Also, if you want to, it is advantageous to give us a "repair & renewal total" that we can use in case we find minor issues at the time. If we can repair/replace them at the same time as doing the service, it works out less expensive than returning at a later date. E.g., You set a budget of \$300 – if we find that there are sensors or lenses that need to be replaced, we can do the job there and then without having to come back at a later date. Rest assured, we will not abuse this facility – we will only make repairs if they are necessary.

Give us a call on the above number or send us an email to the above address and we will get your school booked in.

It's nearly Christmas

We're only two months away from Christmas. So, if you are planning on going away for Christmas and would like your security system serviced or upgraded, give us a call now and get it booked in early. Beat the Christmas rush and get your security sorted now.

Accounts by Email

If you are still receiving your accounts by "Snail Mail" and would like to receive them by email, send us an email to the above address and we will change your postal method to email. Please keep in mind if your email address changes you will need to notify us of the change to ensure we are emailing the correct address.

We have implemented a new phone system. When contacting us you will now be prompted to select from the following options.

- Press 1 for Monitoring Services (Country Wide Monitoring)
- Press 2 for Louise (Accounts Receivable)
- Press 3 for Michelle (Accounts Payable)
- Press 4 for Wes (Patrols, Technical & Manpower Services)

**Finance Available for all purchases over \$250.00 with 6 months
INTEREST FREE through GEM Finance.
Business finance available through Flexi Rent**

WHAT'S NEW

Check out our website to find out what's new for camera surveillance

DAY LIGHT SAVINGS

It is that time of the year again where the clocks have gone forward an hour. This is the perfect time to check your batteries in your smoke detectors (if you have battery operated smoke detectors).

This is also the good time to get an Annual Service on your alarm system (for those of you who have not yet had an Annual Service). While the technician is onsite carrying out the annual service he can ensure your panel time is correct with the daylight savings time.

If you would like to arrange to have an Annual Service on your alarm system, give us a call or send us an email, so we can book this in and get it all sorted for you.

STATIC GUARDS

We operate a team of fully licensed, professional Security Guards, along with a fleet of Patrol Vehicles.

If you require mobile security or static guards then our patrolling service is for you.

Our patrolling service covers Kawerau, Edgumbe, Whakatane, Ohope, Awakeri, Taneatua and the surrounding areas.

We have static guards available for any situation, anywhere, at anytime in the Bay of Plenty area.

If you know of anyone who may be interested in an alarm system, let them know about our After Show Special. Available until the end of October
